

The industrial workers

needs a way to

some areas which are to be monitored time to time

so that

which may leads to loss of property and also human loss

The industrial cleaners

are need

a secure and safety purpose

it so

useful for maintain a hazardous areas

The peoples

are

surround the industrial powered plant area

so that

in many dangerous areas

The industrial workers

no need

separate workers for hazardous event monitor

avoid more

spreading of hazardous area

The workers

needs a way to

hit the alarm and evacuated

so that

to the safest zone
